CONTAINERIZED WORKSHOP

WITH EACH PROJECT WE OFFER OUR CLIENTS TECHNICAL SUPPORT

Based on a fully containerized workshop and off course our experienced mechanics. We have containers combination of 20" feet and 40" feet with a rooftop. Depending on the rental fleet, we have the availability for a 8, 6, 4 or 2 set up containerized workshop.

OVERVIEW

The best support keeps your project going

The Van Tunen workshops contains a office area, environmental (HazMat) container incl. driptrays, workshopcontainers and off course several spare part containers.
